H-307 Capitol Building  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth HOB  
Washington, DC 20515

Dear Chair Granger and Ranking Member DeLauro:

I am requesting funding for "Cleaning and Lining Large Watermain near Wading River Water Treatment Plant" in fiscal year 2024.

The entity to receive funding for this project is the City of Attleboro, located at 77 Park Street, Attleboro, MA, 02703.

The funding would be used to clean and line the water mains on Balcom Street, Lindsey Street, North Main Street, Bungay Street, Kelley Boulevard, Bungay Road, Mount Vernon Avenue, and Mansfield Road from the Attleboro line to the Attleboro Wading River Water Treatment Plant located in Mansfield. This project is an appropriate use of taxpayer funds because cleaning and lining the older water mains will result in clearer water for our residents and businesses, but more importantly, it will allow treatment staff to reduce the levels of hypochlorite fed at the plants, thereby resulting in lower levels of disinfection byproducts in the system.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

**JAKE AUCHINCLOSS**  
Member of Congress
